Who is involved?

Campus France USA is the French government agency that works with students in the US going to France for an academic program of 90 days or more.

The Campus France *Etudes en France* application is the mandatory first step for all student visa applicants. Campus France USA ensures all academic criteria are met before the applicant submits a student visa application. Students participating in a program in France of under 90 days do not need to complete the Campus France procedure. Depending on their nationalities, they might need to request a short-stay visa.

VFS.GLOBAL
EST. 2001

VFS Global is an external agency responsible for managing all visa appointments and visa application submissions across the US in 9 consular jurisdictions.

After completing an online student visa application on the France-Visas platform, students will visit a VFS Global Center in person to submit the visa application.

Once students have submitted a visa application at VFS Global, the application is sent to the Visa Service of the French Consulate in Washington D.C. for processing.

The Visa Service reserves the right to contact students if they require any additional supporting documents during the visa review process. The Visa Service makes decisions on the issuance of student visas.

Document Checklist

- Visa application form
- France-Visas receipt
- ID Photograph
- Travel document (passport)
- For non-US citizens, proof of legal status in the U.S.
- Campus France USA confirmation email
- Pre-registration certificate generated by EEF-Pastel
- Proof of accommodation in France
- Proof of sufficient funds for program period in France

Please note that requirements are subject to change. Students should always follow the checklist generated by France-Visas or VFS, which may include additional documents not listed here. This document serves an explanatory purpose to help students understand the items they will see on the France-Visas and VFS checklists. Please note that one requirement for all student visa applicants is the Campus France confirmation email. This requirement may not appear on the general global France-Visas checklist, but is mandatory for applicants from the US.

Tips

Upload

supporting documents

to the France-Visas platform as you complete your application.

All details on document specifications can be found [here](#).

Uploading documents is recommended, but does not change the processing time for student visas.

Note: Students can use regular letter sized paper (8.5 x 11 inches) instead of A4 paper.

Bring

hard copies of documents

to the VFS Global in-person appointment.

Even if you upload documents to the France-Visas platform, you must also bring hard copies of all documents to your in-person VFS Global appointment.

❑ Visa application form

☐ France-Visas receipt

1 copy

This is the receipt of your visa application generated by the France-Visas platform when you complete the visa application online. This documents includes an application reference number, your name and DOB, and a bar code.

You'll also see a checklist of what you need to bring with you. If you see additional items on the France-Visas checklist other than what you see on this Guidelines document, you should always bring those items.

The image shows a screenshot of a 'Receipt of visa application' from the France-Visas platform. At the top left is the French Republic logo with the motto 'Liberté • Égalité • Fraternité'. To the right, it says 'France-Visas' and 'The official website for visa application to France'. The main title is 'Receipt of visa application'. Below this, it states '2019/02/19, the following request has been registered by the France-Visas system.' The application details include: 'Application reference: [redacted]', 'Last name(s): [redacted]', 'First name(s): [redacted]', and 'Birth date: [redacted]'. A bar code is visible with the text '*FRA1 VISASERVICES*'. Below the details is a section titled 'REQUIRED SUPPORTING DOCUMENTS TO SUBMIT YOUR APPLICATION'. It explains that the day of the appointment, the applicant must bring their passport, a copy of the identity page, and the latest visas. A 'Please note' section states that missing documents may lead to non-issuance of the visa. The checklist includes: 'Pre-requisites' (Application form dated and signed, ID photograph, Proof of legal residency, Travel document valid for at least three months after the planned date of return), 'Purpose of travel/stay' (Confirmed return booking or affidavit to leave France, Medical certificate, Proof of a clean criminal record, Proof of subscription to an insurance policy), and 'Funds' (Proof of funds).

❑ ID Photograph

1 original photo

This is a passport-style headshot photograph, 3.5 cm by 4.5 cm, in color, against a uniform and clear background.

You can have these taken at your local pharmacy, FedEx, some USPS locations, or your university may offer photo services. Please do not take this photo yourself, your application will be rejected.

The photo must be recent, but does not need to match the photo in your passport. Your mouth must be closed and your eyes and ears need to be visible. You must not be wearing glasses, a hat, or a scarf.

❑ Travel document (passport)

The original + 1 copy of the ID information and signature pages (shown in top image)

Your passport must be valid for at least three months after your planned date of return from France. For example, if your program starts September 1, 2022 and ends May 1, 2023, your passport needs to be valid until at least August 1, 2023. If your passport expires before this time, you will need to renew your passport before applying for a visa.

Your passport must have two consecutive blank visa pages that are side by side (so when you open the passport you see two blank visa pages like an open book) plus a third blank page. Pages with the label 'Endorsement' are *not* considered visa pages. If your passport does not meet these requirements, you will need to renew your passport.

It must also be signed, or your application may be rejected. You will need to leave your passport with the visa service for the duration of visa processing, please plan accordingly.

❑ For non-US citizens, proof of legal status in the U.S. (resident card, visa, etc.)

The original + 1 copy

You will need to bring the original document and also one photocopy of your residency card or US visa to your VFS Global appointment, as well as your passport or travel document from your country of citizenship.

Only students with U.S. citizenship or legal U.S. residency exceeding the length of their proposed stay in France may apply for a French visa from the U.S. If this does not apply to you, you may need to apply through the Campus France office of your country of origin.

❑ Campus France USA confirmation email

1 copy

This item may not appear on the general global France-Visas or VFS checklist, but is mandatory. This email confirms that Campus France USA has processed your Etudes en France application and that it is ready for review by the Visa Service of the French Consulate. Depending on the language you selected on Etudes en France, this email will either be in French or English.

This confirmation email will be sent to the email address used to create your Etudes en France account, and will have the subject line: **USXX-XXXXX / Your Campus France file has been processed OR USXX-XXXXX / Etudes en France: l'instruction de votre dossier est terminée.**

❑ Pre-registration certificate generated by EEF-Pastel

1 copy

This PDF is generated when Campus France has processed your Etudes en France application.

Depending on your application type, this will be entitled 'Confirmation d'acceptation' or 'Accord préalable d'inscription'.

To find this document, log-in to your Etudes en France account. From the Welcome page, click on your application tab (either 'Not Yet Accepted' or 'Already Accepted' depending on your application type), and click on 1 – Finalize the procedure. The PDF icon will be under the « Select a Program » section.

□ Proof of accommodation in France

1 copy of all documents

It is required that all students have adequate accommodation arranged for the first three months* of their stay in France and that they provide an address in France at which they can be contacted.

**If at the time of your visa application you have not yet secured accommodation for the first 3 months of your stay in France, please provide proof of accommodation for at least the first week following your arrival in France, along with a letter explaining clearly your concrete plans regarding long term accommodation. If possible, please have this letter signed by an official representing your program of study.*

If you, as the student, are responsible for securing your own housing in France, please provide the proof of housing in one or more of the following ways:

1. A rental agreement or lease in your own name;
2. A printed reservation at a hotel or apartment for the first three months of your stay in France;
3. Proof of a reservation in a student residence;
4. A written statement from a friend, family member, or individual who will house you in their home, including their address, the dates of your stay, the host's contact information, and the host's signature; AND a copy of your host's ID AND proof of address (the only documents accepted in this case as proof of address are copy of the lease or house deed).

If your home institution, host institution, or study abroad program will arrange housing for you in France, please provide the proof of housing in one or more of the following ways:

1. An official letter from either the host institution in France or home university that explains in detail any arrangements made by these institutions to arrange your housing for at least the first three months of your stay in France. That letter must include the full address of the residence, contact information for all institutions involved, and the residence type (ex: student housing, hotel, home stay, etc.);
2. Proof of a reservation in a student residence.

□ Proof of sufficient funds for your time in France

1 copy of all documents

You will need to provide proof that you have sufficient resources to sustain yourself for the duration of your program.

The French government considers this threshold to be €615 per month.

You will need to provide the proof that, AFTER you pay all tuition fees related to your program period (both fees from your French institution and American institution, and all travel costs, if applicable) you will have at least €615 per month at your disposal for all living expenses.

Provide proof of sufficient funds in one of the following ways:

1. The three most recent official bank statements from your own checking and/or savings account that show either a balance of (€615 x # of months you'll be in France) OR that show a steady monthly income of over €615 per month. If you provide bank statements showing an existing income that is planned to continue, you need to provide proof of this future continuity, such as a valid employment contract with dates that cover your program period in France, or a letter from your employer.
2. A [financial guarantee form](#) completed by a sponsor who agrees to provide you with at least €615 per month for the entirety of your time in France AND copies of that individual's bank statements from the past three months showing sufficient and reliable funds, and showing that this person has the financial means to provide you with at least €615 per month for the duration of your time in France. The sponsor could be a parent, another family member, or an individual who agrees to support you. **The form must be notarized.**
3. An official written statement from your university or the awarding institution confirming that you are the recipient of a scholarship or student loan package of a value of over (€615 x # of months you'll be in France) beyond all tuition, administrative, and program fees. You must provide proof that you will have at your disposal at least €615 per month after having paid all program fees for France and all outstanding tuition fees for the program period at your American institution (if applicable).

FAQs

What fees are involved in obtaining a student visa for France?

Before applying for a student visa, you will need to have paid the Campus France processing fee of either \$250 (3-week processing time for regular service) or \$390 (3-day processing time for expedited service). Please note that the processing time of your Campus France application is unrelated to the visa processing time. The Visa Service of the French Consulate does not offer an expedited visa processing service.

You will pay the VFS Global fee approximately \$30 when you schedule the VFS Global visa appointment online.

A visa fee of approximately \$60 may be paid by Visa or MasterCard during your VFS Global appointment. Personal checks/cash are not accepted.

There is a fee of \$35 for express mailing of your passport once your visa has been processed. If you live close to the VFS Global Center, you may choose to return to VFS to pick up your passport and visa in person when it is ready, in which case you would not pay this fee.

Expect the total cost to be between \$340 and \$515, depending on services selected.

FAQs

I've been asked to provide additional information about my accommodation in France. How to proceed?

All students going to France must provide proof that they have organized accommodation for themselves for at least the first three months of their stay.

Please see page 14 of this document for details of how to provide this proof depending on your housing type.

If, at the time of your visa application, you have not yet secured accommodation for the first 3 months of your stay in France, please provide proof of accommodation for at least the first week following your arrival in France, along with a letter explaining clearly your concrete plans regarding long term accommodation. If possible, please have this letter signed by an official representing your program of study.

FAQs

I've been asked to provide additional information about my financial resources. How to proceed?

All students going to France must provide proof that they have at their disposal at least €615 per month during their stay. You can do this in a variety of ways.

If you plan to receive support from your parents or another individual, they need to fill out the [Financial Guarantee Form](#) AND provide their bank statements from the past three months that show that they could support you with €615 per month during your stay. The €615 per month need to be at your disposal after you have paid your full tuition, administrative, and program fees .

If your housing costs and/or food costs are covered by your program, please provide an official letter that explains this in detail along with the proof of funds.

If you provide a letter of financial aid from your university, the letter needs to show that you will receive enough financial aid to give you €615 per month of your stay after you have paid all all tuition, administrative, and program fees to your university.

Any application submitted without all the documents listed on the France-Visas checklist or with inadequate documents will face visa refusal. The visa service of the French Consulate will e -mail you only if you need to provide documents.

FAQs

I'm scheduled to depart soon for France and I haven't received my visa yet. How to proceed?

Processing time may vary. For well-prepared applications, the average processing time is 3 weeks from the date of your appointment at VFS. However, in some cases it may take longer.

If you submitted your visa application at a VFS Global Center less than three weeks ago, please check the [VFS application tracking](#). Choose United States, and follow the instructions to access the tracking.

If you submitted your visa application at a VFS Global Center over three weeks ago, please contact the Visa Service of the French Consulate at visas@consulfrance-washington.org.

What should I do upon my arrival in France?

Questions?

1

You have just been issued a long-stay visa serving as a residence permit, enabling you to legally stay in France. Within the first three months following your arrival, you must **register and validate your visa** at this site: administration-etrangers-en-france.interieur.gouv.fr/

This quick and simple process will ensure that you are registered as a legal resident in France in order to complete your relocation.

To complete the online visa registration, you will need to provide: a valid email address, your visa information, the date on which you entered France, your home address in France, your credit card details in order to pay a fee online for the issuance of your residence permit. If you fail to validate your visa within the first three months following your arrival, you will no longer be considered a legal resident in France and will be unable to re-enter the Schengen Area if you leave.

2

Soon after you arrive in France, and after registering and validating your visa following the procedure explained above, all students need to **register with the French Social Security** by visiting this site : etudiant-etranger.ameli.fr/#/
